<del>_</del>	
Section: Forest Biomes	
Read the passage below and ans	swer the questions that follow.
face. Today, they cover of every day, 100 acres of troperations, agriculture, coccurs when land inhabit altered. If the habitat that the organism is at risk of Animals and plants at forests. An estimated 50 forests. These native per destruction. Because the from the forest, the loss loss of habitat may force cities. This drastic change	e covered about 20 percent of Earth's sur- mly about 7 percent. Every minute of copical rain forest are cleared for logging or oil exploration. Habitat destruction ted by an organism is destroyed or at an organism depends on is destroyed, disappearing. The not the only organisms that live in rain million native peoples live in tropical rain toples are also threatened by habitat they obtain nearly everything they need of their habitat could be devastating. This them to leave their homes and move into the of lifestyle may also cause the native ture and traditions along the way.
IDENTIFYING MAIN IDEAS	
One reading skill is the ability to	o identify the main idea of a passage. The main ea. Frequently a main idea is accompanied by sup- detailed facts about main ideas.
Read each question and write th	e answer in the space provided.
1. How much tropical rain fore	est is cleared every minute?
2. List three organisms that liv	e in the rain forest.
3. How many native peoples as	re estimated to be living in rain forests?

5. When land inhabited by an organism is destroyed or altered,

\_ occurs.

6. If something is <i>habitable</i> , it is suitable for living in. Using this information, how would you define <i>habitat</i> ?  SEQUENCING INFORMATION	Name	Class	Date
SEQUENCING INFORMATION One reading skill is the ability to sequence information, or to logically place item or events in the order in which they occur. Sequence the statements below to show the steps in the process of habitat destruction. Write "1" on the line in front of the first step, "2" on the line in front the second step, and so on.  7. The native peoples begin to lose some of their culture and traditions.  8. Several acres of a tropical rain forest are cleared for a logging operation.  9. The organisms that native peoples depend on begin to disappear.  10. Native peoples are forced to leave their homes and move into the cities.  RECOGNIZING SIMILARITIES AND DIFFERENCES One reading skill is the ability to recognize similarities and differences between two phrases, ideas, or things. This is sometimes known as comparing and contrasting.  Read each question and write the answer in the space provided.  11. What percentage of Earth's surface was once covered by tropical rain forest What percentage is covered by tropical rain forests today?  12. How are animals, plants, and humans similarly affected when a tropical rain forest is cleared?  RECOGNIZING CAUSE AND EFFECT One reading skill is the ability to recognize cause and effect.  Read each question and write the answer in the space provided.  13. Why are tropical rain forests cleared?	Active Reading continued

9. The organisms that native peoples depend on begin to disappear.  10. Native peoples are forced to leave their homes and move into the cities.  RECOGNIZING SIMILARITIES AND DIFFERENCES  One reading skill is the ability to recognize similarities and differences between two phrases, ideas, or things. This is sometimes known as comparing and contrasting.  Read each question and write the answer in the space provided.  11. What percentage of Earth's surface was once covered by tropical rain forests. What percentage is covered by tropical rain forests today?  12. How are animals, plants, and humans similarly affected when a tropical rain forest is cleared?  RECOGNIZING CAUSE AND EFFECT  One reading skill is the ability to recognize cause and effect.  Read each question and write the answer in the space provided.  13. Why are tropical rain forests cleared?	7. The native people	s begin to lose some of t	their culture and traditions.
RECOGNIZING SIMILARITIES AND DIFFERENCES  One reading skill is the ability to recognize similarities and differences between two phrases, ideas, or things. This is sometimes known as comparing and contrasting.  Read each question and write the answer in the space provided.  11. What percentage of Earth's surface was once covered by tropical rain forests. What percentage is covered by tropical rain forests today?  12. How are animals, plants, and humans similarly affected when a tropical rain forest is cleared?  RECOGNIZING CAUSE AND EFFECT  One reading skill is the ability to recognize cause and effect.  Read each question and write the answer in the space provided.  13. Why are tropical rain forests cleared?	8. Several acres of a	tropical rain forest are c	leared for a logging operation.
RECOGNIZING SIMILARITIES AND DIFFERENCES  One reading skill is the ability to recognize similarities and differences between tw phrases, ideas, or things. This is sometimes known as comparing and contrasting.  Read each question and write the answer in the space provided.  11. What percentage of Earth's surface was once covered by tropical rain forest What percentage is covered by tropical rain forests today?  12. How are animals, plants, and humans similarly affected when a tropical rain forest is cleared?  RECOGNIZING CAUSE AND EFFECT  One reading skill is the ability to recognize cause and effect.  Read each question and write the answer in the space provided.  13. Why are tropical rain forests cleared?	9. The organisms tha	at native peoples depend	l on begin to disappear.
One reading skill is the ability to recognize similarities and differences between two phrases, ideas, or things. This is sometimes known as comparing and contrasting.  Read each question and write the answer in the space provided.  11. What percentage of Earth's surface was once covered by tropical rain forest. What percentage is covered by tropical rain forests today?  12. How are animals, plants, and humans similarly affected when a tropical rain forest is cleared?  RECOGNIZING CAUSE AND EFFECT  One reading skill is the ability to recognize cause and effect.  Read each question and write the answer in the space provided.  13. Why are tropical rain forests cleared?	10. Native peoples are	forced to leave their ho	mes and move into the cities.
phrases, ideas, or things. This is sometimes known as comparing and contrasting.  Read each question and write the answer in the space provided.  11. What percentage of Earth's surface was once covered by tropical rain forest. What percentage is covered by tropical rain forests today?  12. How are animals, plants, and humans similarly affected when a tropical rain forest is cleared?  RECOGNIZING CAUSE AND EFFECT  One reading skill is the ability to recognize cause and effect.  Read each question and write the answer in the space provided.  13. Why are tropical rain forests cleared?	RECOGNIZING SIMILARITIE	S AND DIFFERENCES

What percentage is covered by tropical rain forests today?  12. How are animals, plants, and humans similarly affected when a tropical rain forest is cleared?  RECOGNIZING CAUSE AND EFFECT  One reading skill is the ability to recognize cause and effect.  Read each question and write the answer in the space provided.  13. Why are tropical rain forests cleared?	Read each question and write	e the answer in the spac	e provided.
RECOGNIZING CAUSE AND EFFECT  One reading skill is the ability to recognize cause and effect.  Read each question and write the answer in the space provided.  13. Why are tropical rain forests cleared?			
RECOGNIZING CAUSE AND EFFECT  One reading skill is the ability to recognize cause and effect.  Read each question and write the answer in the space provided.  13. Why are tropical rain forests cleared?			<u> </u>
One reading skill is the ability to recognize cause and effect.  Read each question and write the answer in the space provided.  13. Why are tropical rain forests cleared?		and humans similarly a	ffected when a tropical rain
One reading skill is the ability to recognize cause and effect.  Read each question and write the answer in the space provided.  13. Why are tropical rain forests cleared?			
Read each question and write the answer in the space provided.  13. Why are tropical rain forests cleared?	RECOGNIZING CAUSE AND	EFFECT	
13. Why are tropical rain forests cleared?	One reading skill is the abilit	ty to recognize cause an	d effect.
	Read each question and writ	e the answer in the spac	ce provided.
14. What might be the cause of an organism's disappearance?	13. Why are tropical rain for	ests cleared?	
	14. What might be the cause	of an organism's disapp	pearance?
